Ref. No. MAEER's/MITVPU/SPORTS/Int/02/2026-27 8th September 2026

NOTICE

INTER-DEPARTMENT E-SPORTS TOURNAMENT
A.Y.: 2026-27

This is to inform you that MIT Vishwaprayaag University, Department of Sports & Physical Education is organizing an Inter-Department Esports Tournament for MIT Vishwaprayaag University, Solapur students on **9th September 2026.**

Time: 1:00 PM to 5:30 PM
Venue: Basement floor

The Tournament will include the following esports titles:

Sr. No.	Game	Starting Team	Registered Squad
1	Free Fire	4	4 + 1 substitutes
2	BGMI	4	4 + 1–2 substitutes
3	VALORANT	5	5 + 1–2 substitutes

All Schools/Departments are requested to complete their **team registration on or before 9th September 2026, 12:30 PM**. (Through the QR Code)

Registration & Team Formation Guidelines:

1. TEAM FORMATION BASED ON PROGRAMME DURATION

Team formation will be based on the number of academic years in the respective programme.

A. Four-Year Programmes

For programmes having **4 academic years**, two teams will be formed:

- **Team 1:** 1st Year + 2nd Year
- **Team 2:** 3rd Year + 4th Year

Example: School of Computing – AIML, IT, ECE

Team	Eligible Years
AIML Team 1	1st & 2nd Year
AIML Team 2	3rd & 4th Year

B. Three-Year Programmes

For programmes having **3 academic years**, two teams will be formed:

- **Team 1:** 1st Year + 2nd Year
- **Team 2:** 2nd Year + 3rd Year

Example: BCA, B. Pharm, B.Des

Team	Eligible Years
BCA Team 1	1st & 2nd Year
BCA Team 2	2nd & 3rd Year

The overlapping 2nd Year is permitted so that three-year programmes can form two teams.

2. MERGER OF DEPARTMENTS/SCHOOLS

If a School/Department does not have sufficient student strength to form a team, it may **merge with another School/Department**.

The following conditions must be followed:

- The merger must be communicated to the Sports Department **before registration**.
- **Prior approval** must be obtained from the Sports Department.
- The two Schools/Departments must mutually agree on the merger.
- The final team registration must clearly mention both Schools/Departments represented by the team.
- A merger without prior information/approval will not be accepted.

3. GENERAL REGISTRATION & ELIGIBILITY RULES

1.Only MIT Vishwaprayaag University students, according to their programme and academic year, may participate.

2. Players must represent the School/Department under which they are officially registered.

3. A student cannot represent two different teams in the same game.

4. A player may participate in more than one game only if the schedule permits and there is no conflict.

5. All players must carry/produce a valid university student ID when required.

6. Once registration closes, player/team changes require prior approval from the organizers.

7. Teams must check in/report at the communicated time; failure to report may result in a walkover/forfeit.

8. Players must use their own registered game accounts and must not share accounts.

9. Participants must maintain discipline, sportsmanship and respectful communication throughout the tournament.

10. Organizers may verify player identity, eligibility, team affiliation and match records at any time.

11. Organizers may reject or disqualify registrations that do not comply with these guidelines.

12. Decisions of authorized tournament officials regarding eligibility and tournament matters shall be final.

4. COMMON ESPORTS FAIR-PLAY RULES

- No cheats, hacks, scripts, injectors, modified clients or unauthorized third-party software.
- No exploitation of game-breaking bugs or unintended mechanics; discovered exploits must be reported.
- No intentional teaming/collusion with an opposing team in Battle Royale matches.
- No impersonation, account lending, account boosting or use of another player's account.
- No stream-sniping or using an opponent's broadcast/observer information to gain an unfair advantage.
- No harassment, threats, discriminatory language, spam or unsportsmanlike conduct.
- Follow organizer`s instructions regarding lobby codes, room IDs, server selection, check-in and match start.
- Match screenshots, recordings, logs and observer/admin evidence may be used to investigate disputes.
- Technical complaints must be reported immediately; delayed complaints may not be considered.

5. DEVICE, NETWORK & TECHNICAL RESPONSIBILITY

- Players are responsible for ensuring their device, game installation, login credentials, controls and internet connection.
- Test the game, device and network before the tournament and close unnecessary background applications.
- Players must not intentionally disconnect or interfere with an opponent's network/device.
- Organizer/server-side technical problems may lead to a pause, restart or reschedule at officials' discretion.
- Normal individual device, battery or connectivity failures are generally the respective team's responsibility.

GAME-SPECIFIC RULES

A. FREE FIRE

- Format: Squad/Battle Royale; 4 starting players and up to 1 registered substitute.
- Lobby: Only registered players may enter the official tournament room/lobby.
- Mode/maps: The exact mode, map and number of rounds will be announced in the match schedule/briefing.
- Scoring: Placement and elimination points will follow the scoring sheet published before the first match.
- Placement: Teams must remain in the match until eliminated or until the match officially ends.

- Eliminations: Only eliminations officially recorded by the official match system/observer evidence will count.
- Teaming: Cooperation with another team to gain an unfair advantage is prohibited.
- Exploits: Glitches, modified clients and unauthorized applications are prohibited.
- Tie-break: If required, organizers may use placement, total eliminations and then the result of most recent match .

B. BGMI

- Format: Squad/Battle Royale; 4 starting players and up to 1–2 registered substitutes.
- Lobby: Only registered players may enter the official custom room; room credentials must not be shared.
- Maps/rounds: Map rotation and number of matches will be announced before the relevant stage.
- Scoring: Placement and finish/elimination points will follow the scoring sheet released before the first match.
- Unauthorized assistance: Teaming with another squad, spectator information, exploits or outside assistance is prohibited.
- Account/device: Players must use their registered BGMI account and approved tournament setup.
- Disconnects: Individual device/network failures do not automatically require a rematch; organizer/server issues are handled separately.
- Tie-break: Total eliminations and match-placement performance may be used where specified in the scoring sheet.

BATTLE ROYALE MATCH PROCEDURE

1. Team check-in and roster verification before the scheduled lobby opening.

2. Official room/lobby details are provided through the tournament organizers.

3. Teams enter with the registered roster and remain ready for the announced start.

4. Results are captured by tournament officials/observers.

5. Any protest must be raised promptly with relevant evidence; officials' decision is final.

C. VALORANT

Players are responsible for their compatible device, game installation, login credentials, controls and internet connection.

- **VALORANT Equipment:** All VALORANT participants must bring and use their **own laptops** for the tournament. The college will **not provide laptops or gaming systems** for VALORANT matches. Participants are responsible for ensuring that their laptops meet the required game/system requirements, are fully charged, and have VALORANT installed and updated before the match.

Test the game, device and network before the tournament...

Players must not intentionally disconnect or interfere with an opponent's network/device.

- Team format: 5 starting players with up to 1–2 registered substitutes.
- Competition format: Single-elimination, league or group-stage structure may be used depending on registrations; the bracket will be communicated before play.

- Match format: Regular matches may be BO1; semi-finals/finals may be BO3, subject to the published schedule.
- Map selection: Map veto/selection will follow the procedure announced by tournament officials.
- Server: Server/region will be selected by organizers for a fair and stable environment.
- Roster: Only registered players may play; substitutions should be completed before the match unless an emergency substitution is approved.
- Game settings: Standard competitive settings and tournament lobby configuration must be followed.
- Cheating: Cheats, scripts, prohibited macros, unauthorized software, modified clients, exploits and external assistance are strictly prohibited.
- Communication: Team voice communication is permitted among registered teammates; outside assistance during live play is not permitted unless explicitly allowed.
- Pause: Teams must use the organizer-approved pause procedure and follow the match rules announced before the game.
- Rematch: An individual player's crash, power failure or internet issue does not automatically require a rematch; organizer/server failures are evaluated separately.
- Evidence: Screenshots, recordings, observer evidence and match logs may be reviewed for disputes or suspected violations.

6. DISQUALIFICATION / PENALTIES

Depending on severity and evidence, organizers may issue a warning, deduct points/rounds, forfeit a match, disqualify a player, disqualify a team, or remove a team from the tournament. Serious cheating or deliberate competitive manipulation may result in immediate disqualification.

Serious violations include:

- Use of cheats, hacks, modified clients or unauthorized competitive software.
- Intentional match fixing, collusion or manipulation of results.
- Playing with an unregistered/ineligible player or another person's account.
- Repeated abusive behaviour, threats or refusal to follow official instructions.
- Deliberately exploiting a known bug for competitive advantage.

7. PROTEST & DISPUTE PROCEDURE

1. The captain/authorized representative should raise the issue with the tournament official as soon as possible.

2. Provide match number, team/player name, time of incident and available screenshots/video.

3. Officials may review observers, match logs and other evidence.

4. The decision of the authorized tournament official will be final.

8. TOURNAMENT ADMINISTRATION

- The schedule, brackets, room/lobby details, map rotation and scoring sheet will be communicated to registered teams before the relevant stage.
- Participants must check the official communication channel used by the organizers.
- Organizers may modify schedule, format, timing or technical arrangements when necessary for smooth conduct.
- Any change will be communicated to participating teams as early as reasonably possible.
- All participants must cooperate with the Department of Sports & Physical Education and authorized event coordinators.

9. TEAM REGISTRATION DETAILS

Game	Starting Players	Substitutes	Department Team
Free Fire	4	Up to 1	As per approved team formation
BGMI	4	Up to 2	As per approved team formation
VALORANT	5	Up to 2	As per approved team formation

10. IMPORTANT

Participation in the tournament constitutes acceptance of these rules and instructions issued by authorized tournament officials. The organizers reserve all rights regarding eligibility, scheduling, format, technical administration, penalties and final tournament decisions.
